

Please use the following email to submit bids and availability:

covidresponseteam@dfa.arkansas.gov

**PLEASE PROVIDE THE FOLLOWING INFORMATION WHEN
SUBMITTING A BID**

1. **What products do you have available, and in what quantities?**
2. **Are the items US FDA certified (can they be traced in the US)?**
3. **What is your production schedule moving forward?**
4. **Do you have dedicated delivery?**
5. **Are the items already stateside?**
6. **How quickly can we get the items?**

We would appreciate it if you could review the attached list of PPE items and specifications. Then let us know if the items you have available meet the specifications listed. The items do not have to be the same brands shown. They just need to meet the specifications.

GOWNS – MEDLINE NONLV240XL

Item NONLV240XL Shown

QuickComply Over-Head AAMI Level 2 Isolation Gowns

- QuickComply gowns are designed to reduce donning and removal time
- Over-the-head style eliminates closing the neck
- Made from a multilayer nonwoven material that is AAMI PB70 level 2 compliant
- Strong sealed seams help eliminate strike through under light to moderate fluid pressure conditions
- Generously sized gown features thumb loop wrists and side ties, and it provides full back coverage
- [Request more information and schedule a free PPE assessment](#)

GOWNS - MEDLINE NONTH200

Item NONTH200 Shown

Standard Polyethylene Thumb Loop Isolation Gowns

- Save time and prevent "sleeve-slide" with Medline's Thumbs Up® polyethylene isolation gowns
- When putting on gloves, sleeves have a tendency to slide up; this can cause staff to lose valuable time
- Medline's Thumbs Up gowns feature a special design and an apron-style neck to enable gowns to be removed quickly
- Gowns provide high-level fluid protection
